V. PUBLIC COMMENTS

Public participation at board meetings is intended to allow individual members of the public to address the Board of Education on issues of public concern. The public comment period is an opportunity for the Board to listen to citizen concerns, but not to debate issues or enter into a question-and-answer session or a “cross examination” between the public and individual members. While all comments made by the public will be taken under advisement, the Board will not respond to comments made by the public.

- Pursuant to Board Policy #0167:
 - all statements from the public must be directed to the President or other presiding officer; no participant may address or question board members individually.
 - members of the public who wish to make a statement during the Public Comments portion of the meeting may speak for no more than three (3) minutes.
 - members of the public must identify themselves prior to speaking. Please state your name and address, and group affiliation, if appropriate.
- Since this meeting is being held by video conference due to the coronavirus pandemic, if the public wishes to attend, they may do so in these ways:
 - by pre-registering via the link provided on the District website or through the School Messenger email to the educational community, or the link and meeting information immediately before the start or by phone using the numbers provided. **Note:** you must “raise your hand” to speak during the Public Session. To raise your hand, (1) on your computer, click the "Raise Hand" button; once it is your turn and you are given access to speak, click 'unmute' or (2) by phone, on your keypad hit *9; once it is your turn and you are given access to speak, hit *6 to unmute.
 - by sending an email to Mrs. Debra D. Roosen, Board President, at droosen@btschools.org prior to 3:00 p.m. on the day of the meeting. In the subject line, please write “public comment” if you wish for your email to be read verbatim during the public comments section of the meeting. The Board will not read comments that identify students in order to protect students’ privacy.
